**Respected Sir/Madam,**

**Sub: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

The following is the status update on our intimation dated July 24, 2023 regarding the upgradation of components in certain identified Wind Energy Generators(WEGs) of Beta Wind Farm Private Limited(BETA), one of the material subsidiaries of the company.

Out of the 15 WEGs, upgradation in 12 WEGs were completed and the 12<sup>th</sup> machine resumed the operations today(October 01, 2024). The upgradation of remaining 3 WEGs are under progress and are expected to be completed by March 31, 2025.

Er. V V Narayanan, Government Approved Valuer and Chartered Engineer, conducted a review on these windmills, reaffirmed his opinion on the proposed upgradation as follows:

### **Opinion**

*"Further to the my assessment made on the upgradation works carried on certain identified wind energy generators of Beta wind farm private limited (Beta) dated July 24, 2023, I was requested to assess the performance of the upgraded windmills during the peak season for the year. During my inspection, I verified 11 out of the 15 windmills were upgraded by the company and their generation is line with my earlier assessment. The 12<sup>th</sup> machine resumed its operations today (October 01, 2024). Considering the upgradation works conducted by Beta, I reaffirm my earlier opinion that upon completion of the upgradation in all the 15 machines, these windmills are likely to generate additional ~4.16crore units per annum contributing to additional revenue of ~Rs. 19 crore per annum approx., in a normal wind year in the years to come"*

## ORIENT GREEN POWER COMPANY LIMITED

Our management expects that the full impact of this upgradation shall be reflected in the performance from the financial year 2025-26. Further, as there are no direct costs associated with generation of wind power, this upgradation is likely to improve our PBT by Rs.19crore approx. per annum.

The above intimation is being issued in compliance with Regulation 30 of the SEBI LODR Regulations.

**Thanking you.**

**Yours faithfully,**

**For Orient Green Power Company Limited**
